

About Us

Founded in 1996 by Mila Dubinchik MD, PhD; Language Bridge, LLC is a professional interpretation and translation agency dedicated to improving multi-lingual business relations and enhancing health care access to those with limited English language skills. We help our clients engage in two-way communication in increasingly diverse communities.

Language Bridge, LLC offers both interpretation and written translation in order to provide equal access to health care and business services for clients with limited English skills. Since its conception, we have hired and trained more than 900 interpreters who each day serve the law firms, businesses, and hospitals.

Our interpreters are proficient in more than 100 languages and dialects; and we are continually adding languages as the immigrant and refugee population becomes more diverse.

Also, all of Language Bridge, LLC's interpreters and translators sign a Non-Disclosure Agreement to protect client confidentiality.

What do we do?

Language Bridge, LLC acts as a bridge between cultures providing clients with quality, cost-effective, and around the clock professional language interpretation and translation services.

Our interpreters are available 24/7 and are trained in cultural diversity, professionalism, with backgrounds in health care, social services, and various government settings; providing you with consistently reliable high quality services.

Who do we help?

Language Bridge, LLC is dedicated to improving multi-lingual business relations by offering expert services to health care agencies, hospitals, law firms, businesses, and various other associations that wish to serve patients and clients in more than one language.

Why we are different?

Language Bridge, LLC is unique in that we specialize in customer service. We are always available to assist you with your interpretation and translation services. Whether you have an emergency request on extremely short notice or want to make an appointment months in advance, we are always ready. Also, our all-green online system allows our clients to view and manage their invoices electronically and instantly, making viewing your invoice history on our website simple and quick.
